Product Detail

Product Name	3D Water Vapor Fireplace		
Standard Dimension	100/120/150/180/20x25x20cm		
Feature Configuration	① Water shortage reminder ② Full water reminder ③ RF remote control ④ External Display ⑤ Water shortage protection ⑥ Short circuit protection ⑦ Wood burning sound ⑧ 6 levels flame brightness adjustment ⑨ 0-9 hours timer functions		
Rated Voltage	100V/200~240V	Frequency	50-60Hz
Power	200W/750~1500W	Atomization Method	Ultrasonic
Flame Color	Single/Multiple	Optional Features	Bluetooth/Heating
Fuel	Purified water	Light Source	Waterproof LED
Application	Decoration + Humidification	Control Mode	Manual Panel + Remote Control
Add Water Method	Automatic water filling	Working Hours	10-12 hours by full tank

Fireplace Installation

Product Features:

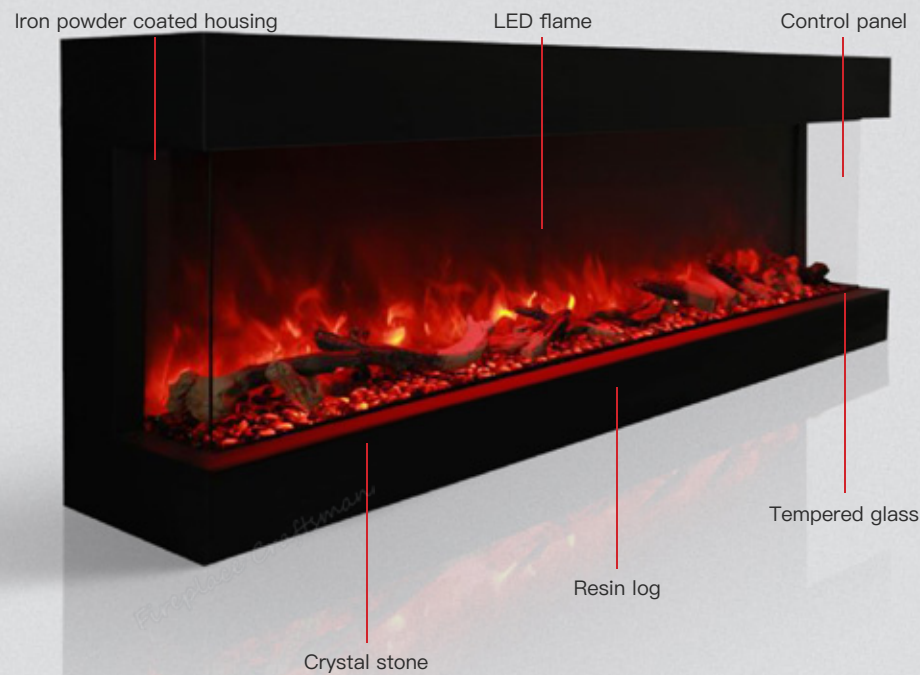

1. Long-lasting LED light.
2. Effective panel ventilation.
3. Anti-dry burn protection.
4. Comprehensive water protection with alarm.
5. Remote control.
6. Intelligent single color/multi-color flame switching.
7. High-quality silent fan.
8. Adjustable flame with six levels.
9. Imported top-level chips for low power and energy consumption.
10. Intelligent water inlet and outlet (automatic version only).
11. Nine-hour timer function (ERP supported).
12. Realistic wood burning sound imitation.

Why Choose Us?

1. Utilize high-quality PCB chips from reputable companies like Changcheng Motor.
2. Premium waterproof LED light covering 98% of the fireplace, providing the best fire effect.
3. Constructed with a 304 industrial-grade stainless steel water tank.
4. Bluetooth connectivity with high-definition speakers for clear and beautiful music playback.
5. Includes wood burning sound effects and smart voice alerts.

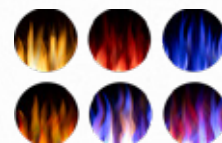

3-Sided Fireplace

Support OEM & ODM service, we can customize the product size, the flame shape and the colors for you to choose.

	cm	inch
